Last Update: March 20, 2026.

PERSONAL INFORMATION

Phone + 56954978502
Email m.gutierrez@alumnos.uai.cl
Nationality Chilean

Research Interests: International Macroeconomics, Monetary and Fiscal Policy, Growth.

RESEARCH EXPERIENCE

- 03/2026 – **Research Assistant**, Inter-American Development Bank
Supporting the development of a new IDB productivity database producing consistent measures of total factor productivity (TFP) across countries, sectors, regions, and firms in Latin America and the Caribbean. Contributing to data construction and empirical analysis at different levels of economic aggregation, literature reviews on productivity measurement and economic growth, and preparation of analytical outputs and technical documentation. Supervised by Christian Volpe.
- 06/2025 – 02/2026 **Research Assistant**, Inter-American Development Bank
Analyzed the aggregate and distributional labor market consequences of AI adoption across 17 Latin American and Caribbean economies within a task-based theoretical framework. Constructed harmonized, cross-country measures of occupational AI exposure and estimated pass-through effects to wage bills and labor shares, decomposing impacts by skill level, gender, and age. Quantified general equilibrium wage and TFP effects, and assessed cross-border exposure to AI-driven offshoring using bilateral goods and services trade data (UN Comtrade and WTO-OECD BaTIS). Supervised by Marcelo Pedroni.
- 03/2024 – 10/2024 **Research Assistant**, Universidad Adolfo Ibáñez
Quantified the macroeconomic consequences of the energy transition using both cross-country empirics and structural modeling. Estimated the effects of oil-price shocks and fossil-fuel dependence on TFP across 33 economies (1990–2019), and developed/estimated a DSGE model in Matlab/Dynare to trace energy-transition shocks in Chile through TFP, inflation, and macroeconomic stability. Applied structural estimation techniques to study parameter dynamics and monetary policy under alternative energy scenarios. Supervised by Pablo García and Juan Pablo Medina.
- 12/2022 – 02/2023 **Internship**, Economic Modeling Department, Central Bank of Chile
Reviewed general equilibrium frameworks on the interaction between monetary policy and climate transition. Studied structural methods for firm markup estimation and their implications for market structure and price dynamics. Supervised by Mario González and Mario Giarda.
- 03/2022 – 12/2022 **Research Assistant**, Universidad Adolfo Ibáñez
Examined how cross-country heterogeneity in beliefs about poverty shapes fiscal spending decisions using World Value Survey and IMF data. Found that countries associating poverty with structural factors allocate systematically more resources to social protection. Supervised by Andrea Repetto.

TEACHING EXPERIENCE

- 08/2024 – 12/2024 **Graduate Teaching Assistant**, Pontificia Universidad Católica de Chile
Dynamic Stochastic General Equilibrium Models
- 03/2024 – 12/2024 **Graduate Teaching Assistant**, Universidad Adolfo Ibáñez
Global Economics, Business Cycle and Macroeconomic Policies
- 03/2020 – 12/2024 **Undergraduate Teaching Assistant**, Universidad Adolfo Ibáñez
Intermediate Macroeconomics (x2), Economic Policy, Econometrics, International Macroeconomics, Microeconomics, Argumentative Writing (x2)
- 08/2023 – 12/2023 **Undergraduate Teaching Assistant**, Universidad de Chile
Planetary Boundaries and Economic Development

EDUCATION

03/2023 – 12/2024	MSc. in Economics , Universidad Adolfo Ibáñez <i>Thesis: Macroeconomic impact of the energy transition, maximum grade.</i> <i>Advisors: Pablo Garcia and Juan Pablo Medina</i>
03/2018 – 12/2024	Business Engineering , Universidad Adolfo Ibáñez
03/2018 – 12/2022	BSc. in Economics with distinction of honor , Universidad Adolfo Ibáñez

CONFERENCES AND PRESENTATIONS

2024	SECHI (Universidad Andrés Bello), FEI (Universidad Adolfo Ibáñez)
2022	FEI (Universidad Adolfo Ibáñez)

AWARDS AND SCHOLARSHIPS

2024	Best Research Presentation Award (Master) , Universidad Adolfo Ibáñez
2024	Scholarship, Training Students in Research Program , Universidad Adolfo Ibáñez
2023	Best Teaching Assistant in Economics (2022) , Universidad Adolfo Ibáñez
2022	Scholarship, Training Students in Research Program , Universidad Adolfo Ibáñez
2018 – 2022	Honors Board, BSc. in Economics , Universidad Adolfo Ibáñez

SERVICE AND LEADERSHIP EXPERIENCE

Nov 2020 – Sep 2021	Volunteer , Student Center of Business-Economics, Universidad Adolfo Ibáñez Led sustainability initiatives, coordinating green projects and promoting environmental awareness within the university community.
Jun 2019 – Dec 2021	Director and Volunteer , Social Action Center, Universidad Adolfo Ibáñez Managed leadership programs focused on social impact and facilitated migrant labor reintegration through community-driven initiatives.

SKILLS

Languages	Spanish (native), English
Software	MATLAB, Dynare, R, Stata, Python, $\text{\LaTeX}$, Microsoft Office
Hobbies	Climbing, trekking, watercolor painting, travel, and photography
